Financial Policy

1. It is the policy of this office that all services rendered and products delivered are the responsibility of the patient, including those not reimbursed by third party payors.
2. All payments are expected at time of service initially. After the initial visit, payment programs are decided upon by the patient from several options. Patient balances may not exceed \$200 at any time.
3. Returned checks and balances over 30 days may be subject to additional collection fees and interest charges.
4. If you are choosing to receive a discount by prepaying for care, you will receive your discounted savings in the form of a bookkeeping discount at the completion of your recommended care plan. If, for any reason, you do not complete all visits on the recommended care plan, you will forfeit your discount. This will then be deducted from your account and any balance will then be due or, if applicable, a refund will be issued for any remaining credit within 5 business days.

I have read the above policy. Should I have any questions regarding my account or personal finance concerns, I am aware that I may contact the business office at anytime to address any questions or concerns I may have.
